December Challenge NGA
Due date: Friday, December 4th

Wet West Coast Winter

Create a work that evokes the feeling of a wet, misty, cool, (maybe windy) west coast winter day. Use any medium and bring your work to the meeting on Friday, December 4th.

Note: The work **must** be created within the time between receiving this challenge and presenting it. No work from other challenges or time frames should be submitted.

This month will be a random draw for the winner who will receive a $20 gift certificate to Iron Oxide.
